

ROLLING STRONG'S HEALTHCUES PROGRAM

Healthcues is a **preventative healthcare platform** that sits on top of any current offerings. It is a fully funded and insured product approved by the department of insurance. It includes the Rolling Strong wellness program and a hospital indemnity plan for eligible employees.

Healthcues also implements a Section 125 plan, which may reduce taxable income for employees and creates payroll tax savings for the employer. The program has no out of pocket monies from the employer or employee and is not replacing any current coverages.
